

Sticks together whatever happens!

The extra strong double-sided adhesive tape from KENT – for excellent bonding results even on most difficult plastics and porous surfaces

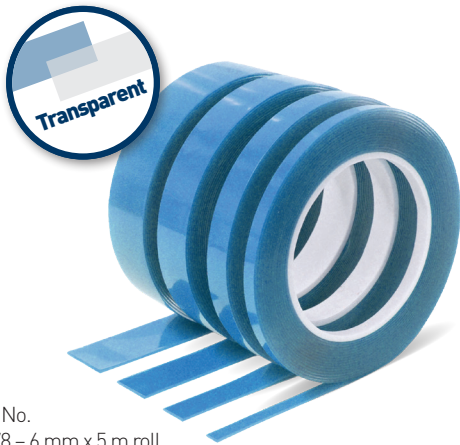

Part No. 86665 – 19 mm x 10 m roll

XTREME FORCE TAPE

Unique double-sided tape with extreme adhesion

- ✓ Bonds even on difficult plastics like polypropylene and polyethylene
- ✓ Reinforcement mesh inside the tape – extremely high strength
- ✓ No need to clamp or hold the bonded element – tape will not tear or get loose
- ✓ Perfect for the application of heavier loads and where big movements and lots of vibrations occur

Additional premium double-sided tapes that complete our range

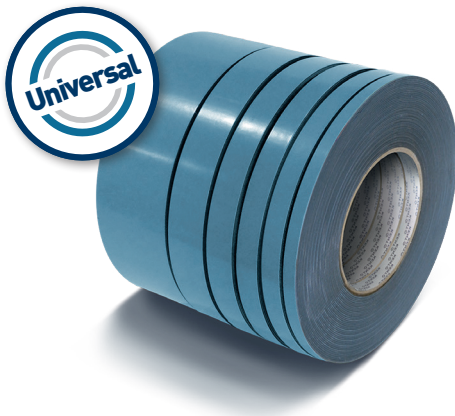

Part No.
86578 – 6 mm x 5 m roll
86579 – 12 mm x 5 m roll
86582 – 12 mm x 10 m roll
86580 – 19 mm x 5 m roll
86581 – 25 mm x 5 m roll

HIGH STRENGTH TAPE CLEAR

Reinforced and high tack acrylic double sided tape providing a superior bond – high quality and transparent

- ✓ Outstanding bonding properties - consistent long lasting adhesion
- ✓ Virtually invisible after application - excellent for cosmetic fixtures and repairs
- ✓ Great conformability and stretching - ideal for special visual and design requirements
- ✓ UV -and temperature resistant - excellent weathering properties
- ✓ Sound deadening - offers good acoustical insulation between glass wall partitions
- ✓ Easy-release liner - user friendly

Part No.
34000 – 6 mm x 15 m roll
34117 – 6 mm x 7 m roll
34118 – 9 mm x 15 m roll
34119 – 12 mm x 7 m roll
34447 – 12 mm x 15 m roll
34120 – 16 mm x 7 m roll
34448 – 16 mm x 15 m roll
34121 – 25 mm x 7 m roll
34449 – 25 mm x 15 m roll
86384 – 50 mm x 15 m roll

HIGH STRENGTH TAPE

Strong double-sided tape for every day applications – high quality black standard

- ✓ Short term repositionable bond - for a precise positioning
- ✓ High ultimate bond - excellent alternative for mechanical fittings
- ✓ Superior adhesion to stainless steel, painted steel, polycarbonates, acrylics, aluminium, dibond, glass, GRP, wood, smooth masonry, etc.
- ✓ Good low temperature flexibility – extremely weather and chemical resistant
- ✓ Leaves no residues when removed – absorbs shocks and vibrations
