

# New Urefix II

UPDATED: 30/07/2011

New Urefix II has been designed to provide a PU based windscreen adhesive for volume users, where speed of cure is of less importance.

Part N°: 83670 (NCU2) - 300ml cartridge  
84111 (NCU2-S) 400ml sausage

## Features

- Competitively priced
- Tack free time of 30 minutes
- TUV certification to FSMVSS 218/212
- Drive away w/airbag 8H

## Benefits

- Quality product at affordable price
- Ample time for placing and adjusting screen
- No comebacks
- Same day drive away

## Applications

New Urefix II is a PU (polyurethane) based adhesive sealer specifically designed to adhere bonded type glass into vehicles.

It is suitable for all bonded type glass as found in most cars, buses and general commercial vehicles. It offers same day drive away for vehicles with airbags.

It is also suitable as a general adhesive for adhering steel, alloys, glass, plastic, wood and most other surfaces together or to one another.

## Instructions

1. Clean pinchweld area and windscreen with KENT Acrysol.
2. For maximum performance apply KENT Primer Black to the glass in a thin layer using a continuous flowing motion, always in the same direction. Allow to dry.
3. Apply Urefix II with the KENT Caulking Gun or the KENT Air Gun.
4. Install windscreen within 10 minutes for optimal adhesion.

Note: Minimum application temperature 15°C. It is also recommended to use KENT Primer Black on uncoated steel.
